TCCI supports powering Tasmania's economy by investing in energy

The Tasmanian Chamber of Commerce and Industry supports the energy policy released by the Liberals today.

"Energy is one of Tasmania's key competitive strengths," said TCCI CEO Michael Bailey.

"By investing in exciting initiatives such as Marinus Link, upgrading power stations and establishing a world-class hydrogen sector, Tasmania can look forward to a bright future.

"These investments will power our economy and create jobs right around the State."
