## **Precincts Plan a shot in the arm for business**

The Tasmanian Chamber of Commerce and Industry has welcomed the release of a Precincts Plan for Central Hobart.

TCCI Chief Executive, Michael Bailey, said a clear plan for Hobart will help deliver certainty for the business community.

“We look forward to working through the detail and making a submission on behalf of the business community,” Mr Bailey said.

“If the City of Hobart and the Tasmanian Government get this right, there is the potential to increase the number of residents in Hobart, which will be great for the business community and help slow the rate of urban sprawl.

“However, the community and investors need clarity on what this will mean for building heights.

“We look forward to playing a constructive role on behalf of the business community.”
